- Inside dimensions: width 525 x height 260 x depth 388 mm
- Lockable storage
- Max. load: 20 kg
- Warranty: 5 years
- The door is available in two versions, glass or perforated metal.

A stylish Media Box where you can safely and easily store data or AV equipment. The box is customized for Presence Video Conference and Presence Mobile, both the motorized and fixed versions. The SMS Presence Media Box gives you lockable storage, it is also dimensioned for e.g. a 19" data rack (optional). The version with the perforated door is suitable for media equipment that generates a lot of heat and needs extra good air circulation.
