

## Landscape Satellite Overview

Filling your outdoor environment with quality music that appears to come from nowhere is now a very real expectation. The Landscape Collection includes three models of speakers in enclosures that mimic lighting fixtures. Hidden away in flower beds and planters or placed around the pool or other water features, these speakers can fill the entire yard with a sound that is sure to enhance every outdoor event from a pool party to a wedding reception.

**LS44**

**LS64**

## Features

- **Unobtrusive Design**  
The camouflage finish blends perfectly into natural landscape environments.
- **Weather Resistant Materials**  
Backed by our lifetime warranty, all Landscape Series Satellite Speakers are built with weather-resistant materials to endure the harshest weather conditions.
- **Vast Sonic Dispersion**  
Each satellite speaker will provide even sound coverage of up to 250 ft<sup>2</sup>.
- **Flexible Installation**  
All Landscape speakers are switchable between 8ohm and multiple 70v taps.
- **Passive Radiator**  
Both of LS60 models feature a passive radiator on the bottom providing greater bass, which means a smoother transition to the subwoofer, while maintaining a sealed enclosure for weather resistance.
